For well over a century, WAYNE FUELING SYSTEMS people have created an asset of incalculable value: the company’s worldwide reputation for integrity and high standards of business conduct. That reputation, built by so many people over so many years, depends on upholding it in each business transaction we make. WAYNE FUELING SYSTEMS bases its Supplier relationships on lawful, efficient and fair practices, and expects its Suppliers to adhere to applicable legal and regulatory requirements in their business relationships, including those with their employees, their local environments, and WAYNE FUELING SYSTEMS. The quality of our Supplier relationships often has a direct bearing on the quality of our customer relationships. Likewise, the quality of our Suppliers’ products and services affects the quality of our own products and services. To help WAYNE FUELING SYSTEMS Suppliers understand both: (1) the WAYNE FUELING SYSTEMS commitment to unyielding Integrity and (2) the standards of business conduct that all WAYNE FUELING SYSTEMS Suppliers must meet, WAYNE FUELING SYSTEMS has prepared this Wayne Fueling Systems Integrity Guide for Suppliers, Contractors and Consultants. Suppliers are expected to collaborate with WAYNE FUELING SYSTEMS’s employees so that those employees can continue to consistently meet these WAYNE FUELING SYSTEMS integrity commitments. The Guide is divided into four sections:

✓ WAYNE FUELING SYSTEMS Code of Conduct
✓ Responsibilities of WAYNE FUELING SYSTEMS Suppliers
✓ WAYNE FUELING SYSTEMS Compliance Obligations
✓ How to Raise an Integrity Concern Suppliers should carefully review this Guide, including but not limited to the section entitled “Responsibilities of WAYNE FUELING SYSTEMS Suppliers.” Suppliers are responsible for ensuring that they and their employees, workers, representatives and subcontractors comply with the standards of conduct required of WAYNE FUELING SYSTEMS Suppliers. Please contact the WAYNE FUELING SYSTEMS manager you work with or any WAYNE FUELING SYSTEMS Compliance Resource if you have any questions about this Guide or the standards of business conduct that all WAYNE FUELING SYSTEMS Suppliers must meet.
