

WAYNE HELIX™ 4000 FUEL DISPENSER, NA

The center of attention

Big and bold with the ability to excel in any fuel retail environment, the capabilities and visual appeal of the Wayne Helix™ 4000 fuel dispenser will speak volumes for your forecourt.

The Helix 4000 dispenser has a small footprint but a wide variety of options, allowing retailers to expand their fuel offering to customers. Whether a busy, inner city forecourt or a remote fuel retailing site, the Helix 4000 dispenser is an efficient, dependable and sleek model that will improve forecourt performance.

Wayne Helix 4000 fuel dispenser

Big Player, Small Profile

The Helix 4000 dispenser is built with up to four nozzles and has the ability to dispense five fuel grades. Like its brother, the Helix 4000 boasts centralized, flexible and upgradable payment options that enable fuel retailers to modify payment features as required, allowing their fuel business to grow and adapt to changes in the market.

Industry-leading features that reflect the very best of Wayne

WAYNE iX PAY™ SECURE PAYMENT PLATFORM

The Wayne iX Pay secure payment platform incorporates the latest security standards to protect sensitive card holder data.

WAYNE TAP™ CONTACTLESS/NFC READER

The Wayne TAP near-field communication (NFC) reader enables mobile payment, such as Apple Pay and Android Pay, at the dispenser. The Wayne TAP reader hardware supports both magstripe and EMV® contactless protocols.

E25/B20 STANDARD

The Wayne Helix dispenser now comes with UL E25 listing as standard. This reflects Wayne's ongoing intent of supplying retailers with the most flexible, reliable and future-proof equipment options. Regardless of what direction government regulations or next-generation vehicle technologies take, your investment will remain viable for years to come.

WAYNE SMART SECURE ACCESS™

Wayne Smart Secure Access™ secures your forecourt 24/7/365. It keeps your customers' financial data safe by offering electronic protection against unauthorized access to the dispenser's internal components, and comes with battery backup as standard, which means it keeps protecting your business and your customers even when the power is out.

WAYNE XFLO™ FUEL METER

While traditional piston meters are prone to drift over time, the Wayne Xflo Meter™ maintains its calibration, saving money by helping prevent fuel loss. The Xflo Meter also offers the industry's only four-year re-calibration warranty, and it can achieve better flow rates than piston meters.
